

## PEACE MISSION ASKS SUPPORT OF FIFTH LOAN

Urges American People to Finish the Job by Taking the Victory Loan

Four members of the American peace mission in France, Secretary of State Robert Lansing, Col. E. M. House, General Tasker N. Bliss and Henry White, have sent this message to the American people urging support of the Victory Loan:

"TO THE AMERICAN PEOPLE:

"We have had the opportunity here in France to see and realize the magnitude of the accomplishment of our country in this war and the magnificent spirit with which this great task has been carried through to a triumphant issue.

"What has been done and what remains to be done before normal conditions are restored demand your continued and united support with the same spirit of self sacrifice and of determination as that which was manifested by the nation while the German armies faced our men at the Marne, and in the Champagne, at St. Mihiel and in the Argonne. We must not relax our efforts until every soldier of the republic is landed on the soil of America.

"To finish this mighty task imposes upon the government of the United States a great financial burden. The Victory Liberty Loan must thrive. If it should fail it would indicate that the Nation is willing to leave its task uncompleted.

"To secure the ideals for which Americans fought and died this great demand on national patriotism and united effort should meet a generous and universal response. Let us do our duty to the end.

"ROBERT LANSING,  
"HENRY WHITE,  
"E. M. HOUSE,  
"T. N. BLISS.

## NAVY BANDS WILL SPUR PATRIOTISM IN VICTORY DRIVE

Mare Island Commandant Offers Marines and Jackies to Aid Fifth Loan

Captain Edward L. Beach, commandant of Mare Island Navy Yard, Mare Island, Cal., who was in command of the United States dreadnaught New York in the North Sea at the time the German navy was turned over under the terms of the armistice, has offered three of the crack service bands stationed at Mare Island for use during the Victory drive.

One of the bands will travel on the trophy train which will tour all of the seven states in the Twelfth District and the other two bands will be used in cities within a day's journey of Mare Island. One of these bands is the famous sixty-piece Marine Band and the other is the forty-piece Jackie Band.

Paymaster Ralph Phelps, U. S. N., has been placed in charge of the itinerary to be mapped out for the two bands which will not travel on the train and any local committee desiring to make use of either of these two bands during the drive should communicate with him.

## CHILD CRUSHED TO DEATH

An automobile driven by Elwood Luce and Harry Davis at Elyington ran down and crushed to death little Richard Shipley, the three-year-old grandson of Mrs. E. J. Shipley, matron at the Indian school at that city.

No one witnessed the unfortunate accident and it was not known the child was near the machine until they heard his cries. No blame seems to be attached to the two young men who were driving the machine, as they were careful drivers, and could not avoid the deplorable accident.

## EVASD INCOME TAX AND REMAIN HONEST

The Victory Liberty Loan Act passed in the final hours of the last Congress provides exemption from income taxation on bonds of the first four issues, holdings of which do not exceed \$140,000.

In addition the act provides that holdings of bonds of the Victory Liberty Loan to be issued April 21 up to a total of \$20,000 will be exempt from taxation. This increases the maximum principal of bonds free from taxation to \$160,000.

A recent letter written by the Treasury Department to the country at large points out that holders of Liberty Bonds can thus escape excessive income taxes and still remain within the law.

## TELL FARNSWORTH WHAT TO DO WITH 6000 BOCHE HATS

Wants Everyone to Advise Him How to Use His Eight Cent Purchase

Here's a chance to advise the Government, and perhaps, have your advice taken.

C. A. Farnsworth, manager of the General Publicity Committee of the Twelfth Federal Reserve District for the Victory Liberty Loan, has 6000 German helmets. They were shipped to Washington by Pershing. Farnsworth bid them in for eight cents.

Now that he has them he wants to know what to do with them. The big idea is to distribute them as prizes in the Victory Loan.

But how and what for? He doesn't know and he wants advice—the more the better.

Write him. His address is 420 Sacramento Street, San Francisco, California.

## SAVE YOUR TREE FROM INSECTS

WASHINGTON, D. C., April 29.—May is the month when the insects wake up and get ready to attack your trees, says a bulletin from the American Forestry association. Here is some tree advice from the association for May.

Plant evergreens during the first part of May. Spray for all varieties of insects, those that chew, suck and bore. Spray for fungus disease. Commence cultivating and watering trees and shrubs. Complete the removal of trees hopelessly infested with boring insects such as the Hickory Bark beetle, the two-lined Chestnut borer. Examine trees to see that they are free from eggs of the Tussock moth, Gypsy moth, etc., and from weevils such as those of the Brown tail moth and the Bag-worm.

## CHURCHMEN IN ARIZONA MEET

TUCSON, Ariz., April 29.—The annual meeting of the convocation of the Protestant Episcopal church in Arizona opened here today in Grace church, with the Right Reverend J. W. Atwood, D. D., Bishop of Arizona, presiding.

Following the annual address of the bishop, which outlined a report of work during the past year, adjournment was taken and the actual business session of the convocation called to order at 2 p. m. The feature of the afternoon meeting was the address of Rev. Charles L. Pardee, D. D., secretary of the American Church Building Fund commission.

The program for the remainder of the convocation includes an illustrated lecture tonight on work among the Navajo Indians by Archdeacon Jenkins, followed by a public reception for the delegates.

Tomorrow morning Bishop Atwood will ordain Rev. L. B. Moore of Flagstaff and Rev. Francis Bloy of Globe as priests. Rev. Pardee of New York will preach the sermon.

During the afternoon there will be a joint session of the convocation with the Woman's Auxiliary and the Girl's Friendly society.

In the evening a public meeting will be held at which Rev. Alsop Leffingwell, of Connecticut, in charge of St. Andrew's church, at Nogales, will discuss Opportunities of the Church After the War. Rev. William Scarlett, dean of Trinity Cathedral, Phoenix, will speak on Opportunities of the Nation After the War.

A devotional service will be conducted Thursday morning by Rev. E. W. Simonson of Douglas, followed by a session of the convocation. Early in the afternoon the final meeting will be held, after which the delegates will take an excursion to St. Xavier Mission, St. Luke's in the Desert and the State University.

## MAKE-UP USED BY ALL WOMEN

LONDON, April 29.—The British "land girl" of the war, who is once more a town girl, has returned to the use of "make-up."

Artful make-up, in the opinion of a London business woman who champions the practice, is essential. "There is no room," she told an interviewer, "for the washed-out, tired-looking woman in the business world. Even if she is delicate she must not look delicate. A little rouge, very daintily applied, will give her an appearance of health and brightness which goes a long way with an employer."

"I assure you that hundreds of girls who are never suspected of the fact by outsiders habitually 'make up.' But they do it so perfectly that they deceive the opposite sex, and large numbers of their own sex, too. Obvious make-up is vulgar and would be of great disadvantage."
